Your Images.....

This leaflet illustrates just a few of the many ways of presenting your images and preserving them.

There are many choices of print and frame finishes, too many combinations to include here, so please browse this leaflet with this in mind. Most of the popular sizes are available, but some items, such as canvases and normal frames are also available in bespoke dimensions. As a general rule, prices are based upon the longest side. So, if your image is 16"x 14", the relevant price may be 16"x 12" or 16"x 16", for example.

Once you have an idea of your requirements, please feel free to contact us for more information.
